Statement:

Alaska's best days are still ahead. Alaskans are known for a pioneering spirit – equal to any challenge. We have abundant resources and vast economic potential. But to realize that potential, we need to reduce the size and cost of government to a level that's *sustainable*. Alaska currently spends *twice* as much on government as other states. We can do better.

I'll work to *improve* delivery of core services – and keep government fingers out of your wallet.

As your representative I've secured funding for area projects that improve and protect our neighborhoods.

- ✓ **BETTER ROADS:** Major road improvements designed to minimize traffic congestion and improve pedestrian safety. Funding for roundabouts at dangerous intersections including a *new roundabout* at Klatt and Johns.
- ✓ **IMPROVED PUBLIC SAFETY:** To reduce crime and keep gangs out of our neighborhoods, I secured funding for new LED street lights for Bayshore and Oceanview, and updated mobile emergency response equipment for APD and firefighters.
- ✓ **EXCELLENT SCHOOLS:** I'm committed to excellent schools and have supported increased funding for education. But more money isn't the *total* answer. We also need improved accountability.

A former small businessman with more than two decades of private sector management experience, I have the skills and professional experience to be effective immediately. With your vote, I'll make sure *your* voice is heard in Juneau.

MY TOP PRORITIES:

- ★ **Cut Spending**
- ★ **Fight Federal Overreach**
